

**TENS (Pocket Model)****LCS 180-A**

LCS TENS is a pocket model, compact, lightweight, battery operated based on solid-state circuitry & user-friendly systems.

**APPLICATION**

Pain relieve very effectively in Arthritis, Neuralgia, Migraine, Spinal Disc, Surgical Trauma, Headache, Sciatica etc.

**SPECIFICATION: -**

Dimension (L*H*D)	130mm, 70mm, 110mm
Weight	0.6 Kg (Approx)
Operating Voltage	9V DC Single Battery (with Adapter)
Room Temperature	10°C to 40°C
Moisture	10% to 80%
Intensity Control	Independent for CH-1 & CH-2
Frequency	1~100 Hz common for CH-1 & CH-2
Available Output	Two
Maximum Current	Output load 50 mA with 1 K load

**TENS MS (Pocket Model)****LCS 180-B**

LCS TENS/MS is a pocket model, compact, lightweight, battery operated based on solid-state circuitry & user-friendly systems.

**APPLICATION**

Pain relieve very effectively in Arthritis, Neuralgia, Migraine, Spinal Disc, Surgical Trauma, Headache, Sciatica etc.

**SPECIFICATION: -**

Dimension (L*H*D)	130mm, 70mm, 110mm
Weight	0.5 Kg. (Approx)
Operating Voltage	9V DC Single Battery (with Adapter)
Room Temperature	10° to 40°c
Moisture	10% to 80%
Intensity Control	Independent for CH-1 & CH-2
Frequency	1 ~ 100 Hz
Treatment Mode	Plain & Interrupted
Output Function	3 in 1 ( Tens, Int Galvanic & Faradic )
Maximum Current	Output load 50 mA with 1 k load

**TENS 4 CHANNEL**

LCS 184 DX

LCS TENS 4Ch is a fully digital with digital treatment timer along with Soft Key Touch for Treatment mode Selector & auto mode Selector.

**APPLICATION**

Relieves Pain very effectively in Arthritis, Neuralgia, Migraine, Spinal Disc, Surgical Trauma, Headache, Sciatica etc.

**SPECIFICATION: -**

Dimensions (L*H*D)	255mm, 115mm, 290mm
Weight with packing	4.50Kgs.
Operating Voltage	220V AC 50Hz
Frequency	1, 2, 40, 80, 130
Mode	Cont, Burst, P.W.M. & Sweep
Maximum	Output Power 100V (Peak to Peak)
Room Temperature	10°C to 40°C
Moisture	10% to 80%
Timer	01~ 99 minutes
